Common Council Acts on
New Ordinance Last
Night

TOTAL IS \$300,000

Bonds Are to be Paid Off at Rate of
\$9,000 a Year Beginning in 1926—
Other Matters Presented

A new ordinance providing for a bond issue for \$300,000, to be known as general fund and improvement bonds, was adopted last night at an adjourned meeting of the common council. The bonds will be registered and non-registered coupon bonds and will bear interest at the rate of six per cent, the interest payable semi-annually in October and April. They will be in denominations of \$1,000 each. It provides that a sinking fund be established and that the bonds be redeemed at the rate of \$9,000 a year beginning October, 1924 and that the last payment on the bonds be in the sum of \$12,000 payable October, 1926. These bonds, therefore will run for thirty-five years.

A number of bills for repairs to sidewalks done by the city engineer's office in conformity to the ordinance recently passed by city council providing that the work be done by the city and two-thirds of the cost be a lien against the property and one-third by the city was up for discussion. Councilman Baggett, McCaffrey Drury, Fletcher, Sullivan and others expressed themselves as opposed to the city engineer building entire new sidewalks. City Engineer Dunn was given the floor and he reviewed the work done thus far and among other things said that up to the present he had only done three new sidewalks in their entirety. He suggested that the entire work be given out by contract to the lowest bidder.

A petition from the Alexandria Jitney Association asking for a reduction of the city license tax was referred to the finance committee.

Petition from Miss Virginia Agnew protesting against pole at Duke and P's streets was referred to the street committee.

Bill presented by R. B. Washington for damage to automobile of a client of his amounting to \$12.50 alleged to have been done by a city truck was referred to claims committee. The board of aldermen will act on the bond ordinance next Tuesday night.

BARNES WINS OPEN GOLF TITLE SCORE 289.

Chevy Chase, Md., July 23.—As President Warren G. Harding stood on the rim of the Columbus Country Club's 18th green this afternoon and beamed his approval, Jim Barnes, once of Philadelphia, now of Pelham, N. Y., deftly holed out a 4-foot putt, and became champion of the United States.

The Pelham professional's winning total for the 72 holes constituting the championship proper, was 289, and 73-72 scores spun today.

This was just nine strokes better than Walter Hagen and Freddy McLeod, the home professional, tied for second at 298.

No golf tournament, and few sporting events ever offered such a picture as was presented when the new champion came down the last fairway. Grouped around the 18th green were more than 5,000 excited enthusiasts, the brilliant tints of the fair devotees costumes making the entire mound on which the green is located a riot of color. At the far side of the green sat the President and Vice President surrounded by a group of the Nation's Statesmen.

Richmond, July 23.—John Armstrong Chaloner, of "Who's Who" fame, as president of the Merrie Mills Community Center Movie, Inc., was granted a charter by the corporation commission yesterday. The corporation is non-stock, its purpose being to furnish community recreation at Cobham, Va.

Richmond, July 23.—Governor Davis is in New York attending the monthly meeting of the Richmond Fredericksburg and Potomac railroad, of which he represents the state of Virginia on the board of directors.

ATTENDANCE INCREASES

Second Baptist Still Holds First Honors in Contest

Standing of the Schools	A.	P.C.
School		
Second Baptist	170	128
St. Paul's	167	114
M. E. South	350	104
First Baptist	414	102
Second Presbyterian	124	91
Trinity Methodist	100	91

There was a slight increase in the attendance of the Alexandria Sunday schools last Sunday probably due to a slight change in the weather as vacation time can scarcely be said to be over yet. The schools that showed the greatest increase were the St. Paul's, M. E. South, First Baptist, Second Presbyterian and Trinity M. E.

The leaders lost slightly in attendance but not sufficiently to displace themselves, they still having a comfortable lead over their nearest competitors, St. Paul's. The schools have all settled down to a good steady pace in the campaign, with teams organized and all forces working as smooth as clock work.

They all realize that any one of the three or four schools could forge ahead with only a few hours work each week by selected groups from each class working consistently as the per centage of Sunday school attendants in Alexandria is yet quite small compared to the population. Doubtless many new students will be enrolled in the schools before the close of the campaign.

PLANS FOR CAMP

All in Readiness for Trip—Program Announced.

"Camp Rust" is beginning to take definite form with the return of Camp Director Wallace, who has been spending a week as camp director of Camp Fairlington at Fairfax. While at the camp Mr. Wallace engaged one of the best boy leaders at the camp to accompany the Camp Rust party. He will stay during the entire camp. The boys will leave July 26th, returning August 3.

The weather has been ideal for camping and it bids fair to continue for the next few weeks. A visit to the camp site a few days ago revealed no mosquitoes and a great head of water above the hydro-electric dam just below the camp. Fishing will be one of the principal recreation features and many of the boys have asked questions regarding equipment for this popular sport.

All arrangements are rapidly being completed for the commissary with a chef of many years' experience in cooking for camps engaged. The boys are assured of splendid cooking and plenty of it. Sunday will be visitors day and the noon day meal will be served as a company dinner and Director Wallace has secured a whole flock of "springers" for the meal.

Parents will be glad to know that there will be no fire arms of any kind allowed in the camp. This is considered too dangerous and they will all be left at home. The camp will be primarily safe and all dangerous amusements of every kind will be omitted from the program. Following is the camp program:

- Camp Rust Daily Program.
- 6:45—Reveille.
 - 6:55—Setting up exercises.
 - 7:10—Morning dip.
 - 7:25—Flag raising.
 - 7:30—Breakfast.
 - 7:50—Announcements of day's special activities.
 - 8:00—Bible study hour.
 - 8:30—Camp duties.
 - 9:00—Inspection camp, personnel.
 - 9:10—Games and tests.
 - 11:10—Morning swim.
 - 12:00—Dinner.
 - 12:45—Rest period.
 - 1:30—First aid instruction and nature study.
 - 2:30—Games and tests.
 - 5:00—Afternoon swim.
 - 5:50—Flag lowering.
 - 6:00—Supper.
 - 6:30—Write home.
 - 7:00—Camp fire and evening activities.
 - 8:45—Vespers.
 - 9:00—Taps.

GOV. RACE ON HOME STRETCH

Richmond, July 23.—The two candidates for the Democratic gubernatorial nomination, which is to be decided in the primary August 2, have swung into the home stretch, and from now on it is believed the contest will be waged more strenuously than ever. The Trinkle people, full of confidence, are striving to keep going the wave which appears to have set in for their candidate, while the Tucker supporters are bracing themselves and striving to check it.

It seems that strong trend during the past week or ten days has turned in favor of the Southwest man, and much of this is due no doubt to the unfair treatment Trinkle has received at the hands of the Richmond press, an attitude which is beginning to be realized and resented by the independent non-partisan voter—the man who believes in 'fair play.'

All three of the newspapers published in this city are supporting Mr. Tucker, and when he made his announcement of candidacy, all the local papers gave him columns of favorable notices as news matter; but when Mr. Trinkle a few weeks later presented his claims to the consideration of the public, he was told by the Times-Dispatch that it would cost him, and he found the advertising rate or so much per line required him to pay \$20 for his brief announcement. Similar unfairness has been shown throughout the campaign by the leading publications here, and the result of this discrimination has been to make many friends and supporters for Mr. Trinkle.

For instance, three months ago the Tucker people were claiming Richmond city by 8,000 majority; a month ago by 2,000, and now by 1,000, and conservative men believe they will do well to break even. Similar changes have taken place in many parts of the country's districts, and no little of this change, though not all, has been brought about by the unfair treatment shown to the younger man.

There has never been any doubt that Trinkle would carry by good majorities the city of Bristol, Roanoke, Lynchburg, and Portsmouth. Norfolk has been regarded a stronghold of the Tucker folks, but their hold is weakening perceptibly there, and today the city is claimed with equal confidence by both sides. Alexandria, which two months ago was overwhelming for Tucker, has surely changed her sentiment and will beyond doubt give Trinkle a decided majority. The Southwest candidate will also carry the following counties of Mr. Tucker's district: Nelson, Buckingham, Appomattox, Fluvanna, Botetourt, and Craig. In the staid old city of Petersburg Mr. Tucker was notably strong until the young men there got into the game and formed an enthusiastic Young Men's Trinkle Club, with the slogan, "Give the Young Man a Chance." Petersburg is now regarded as safely in the Trinkle column.

But there is another element in this contest which heretofore it has not been necessary to reckon with—the newly enfranchised women; but here again Mr. Trinkle has a decided advantage. The majority of the women from the start were for Trinkle, and they have seen no cause to change, and it is now believed that he will get from 80 to 90 per cent. of this vote. It seems that women are quicker than men and go to the mark intuitively, or, at least, they get their bearings more quickly than and differently from men, and often with more accuracy. The women started out for Trinkle and have grown in faith and numbers.

Both sides may be counted upon, however, to put in their strongest licks from now until the end of the campaign. It is estimated that several thousand votes will be lost by reason of voters taking seasonal vacations or otherwise being away from home and neglecting in time to arrange to vote by mail, which, at best, a number some proposition.—Danville Register.

SIX MONTHS FOR \$90,000 THEFT

Chicago, July 23.—Stephen Capstick, 17-year-old youth, whose financial operations are said to have cost owners of valuable stocks and bonds \$90,000, was sentenced to six months in the Booneville (Mo.) prison today by Judge Keneaw M. Landis when he pleaded guilty to using the mails to defraud.

FOUR BILLION FROM TAXES

Mellon and Fordney Confer
Over Bill to be Put
Through

ABANDON SALES LEVY

New Tariff Will Yield Only \$450,000,000—Budget Totals \$5,000,000,000 Changes Favored.

Washington, July 23.—Plans were laid yesterday by Secretary Mellon and Chairman Fordney, of the Ways and Means Committee and other House leaders to raise \$4,000,000,000 in internal revenue taxes on this year's business, to be collected in 1922.

The \$4,000,000,000 from Internal taxes will cover about four-fifths of the total expenditures in the next year, which are expected to be not less than \$5,000,000,000 and many run considerably higher, if deficiency appropriations continue to be made.

When Secretary Mellon and Chairman Fordney yet down to cases they found that the Fordney Tariff bill passed yesterday by the House will not yield the \$600,000,000 expected when the Ways and Means Committee started to frame the measure. Instead, the bill will yield, according to estimates by the Treasury Department experts, only \$450,000,000 or \$150,000,000 more than the existing Underwood act.

That sum of \$450,000,000 added to the \$4,000,000,000 expected from Internal taxes, will be \$550,000,000 short of the minimum expenditure of \$5,000,000,000 that is forecast. The officials count on getting \$500,000,000 from postal receipts and the balance from miscellaneous funds, such as Panama Canal tolls and the proceeds of sale of surplus war supplies.

The sales tax will not be used to help meet the gap. That was decided by the Ways and Means Committee before its leaders went to the Treasury Department to meet Secretary Mellon. Senator Smoot, the leading exponent of the sales tax idea, has abandoned hope that it can be used now. Chairman Fordney, who favors such a tax, said today that the time is not ripe for it, and it is stated that the Ways and Means Committee will devote no time to hearings on it.

Today's meeting at the Treasury Department was arranged for the purpose of considering the various sources of revenue that might be tapped in revising the present revenue laws of the country. It is accepted as settled that the excess profits taxes, which have been yielding \$450,000,000 will be eliminated, and that in lieu of them the present tax of 10 per cent. on corporations will be increased to 15 per cent., and that the present corporation exemption of \$2,000, will be stricken out. The increase of 5 per cent. on corporation tax and the elimination of the exemption will make up the \$450,000,000 lost through removal of the excess profits taxes, according to the Treasury figures.

It is believed to be almost certain that the present high surtaxes, running up to 70 per cent on the larger incomes, will be reduced to such an extent that none will go above 40 per cent. In balancing the loss from this reduction it may be necessary to scale up the surtaxes on the smaller incomes. It is certain that the present normal rate on the smaller incomes will not be increased, but it may be that on incomes of \$5,000 over and above the exemptions, there will be a slightly higher surtax, gradually increasing as the incomes grow larger.

TWO SQUEEZES OF RUM EVIL DENCE AGAINST H.M.

New York, July 23.—Sponges are assisting in the enforcement of prohibition in New York. Samuel Tobun, a city detective, says he always carries one when engaged in liquor raids. He told a magistrate today that it enabled him to salvage evidence when the illegal possessor of liquor spilled it. As a result, Joseph Preola, who, the detective says, dashed a bottle to the floor when the officer appeared in his apartment, was held for a hearing. Two cans and two sponges filled a handy empty ink-well with evidence.

STATE NEWS

Richmond, July 23.—Homer L. Ferguson, president of the Newport News Shipbuilding and Dry Docks Company has accepted the vice presidency of the Virginia Historical Pageant to be held here next May, it was announced by W. B. Criddle, pageant secretary.

Richmond, July 23.—The bodies of six Richmond boys, who were killed overseas, arrived in Richmond yesterday. They will be given burial with full military honors by the Richmond Post of the American Legion.

Richmond, July 23.—When interviewed today Senator Morgan R. Mills, chairman of the Virginia war memorial commission, would not comment on the attack made on him Tuesday night by Former Speaker Richard Evelyn Byrd. Mr. Byrd, who appeared as counsel for the Richmond Builders' Exchange in opposition to the award of the contract on a cost-plus, non-competitive basis, said that he objected to Mills participating in the selection of anyone for advisory, structural or general contracting services, or any contractor or architect, because Mills is president of the Virginia Equipment and Supply Company, a corporation selling building supplies. Those well informed here state that the amendment offered by Judge Duke, and adopted, asking discharge of the committee appointed to draw up a contract with the Wilson Co., is held to have stopped the carrying out of arrangements with Wilson. Criticism of the action of the board in refusing to rescind its action Tuesday night is general here. It is seen that the commission is hopelessly divided and that much feeling exists between the members. It is not believed that the commission will be able to get together and accomplish the work set out for it, but that a new commission will have to be appointed. It is generally conceded that no contract exists with Wilson and Company.

Richmond, Va., July 23.—A big crack has appeared in the South wall of the city auditorium. Contractors yesterday started repairing the break. While they are at work they will repair the general interior of the building. The Billy Sunday committee is bearing half of the expense of fixing the interior, as the committee has never put the building back into its original shape since alterations were made for the Billy Sunday revival here in January, 1919.

Richmond, July 23.—C. E. Britt, of Norfolk, came here yesterday and identified an Overland car which was stolen last Monday in the customs house yard in Norfolk, but which was found Tuesday night on the Petersburg highway, near Richmond. William Kohn, alias William Kat, who was arrested after being trailed to Fredericksburg for the theft of another car here Tuesday night, was charged with the theft, since a spotlight in his possession when arrested was identified by Mr. Britt as coming off his car.

Richmond, July 23.—The Advertising committee of the Chamber of Commerce yesterday decided to help the Rotary Club in placing markers on battlefields and historic roads around Richmond. They will also aid in the mapping out of automobile routes to the battlefields. William T. Dabney, business manager of the chamber, was requested to confer with the Rotary Club to that end.

Richmond July 23.—For the second time in the last few months, the store of A. A. Goldman, 110 East Broad street, was robbed Wednesday night. Thieves made away with a dozen silk shirts, valued at \$36. Exit was made through a rear door after the lock had been smashed. The former robber was caught and is now serving a term in the penitentiary.

Richmond, July 23.—Memorial services for the late Mrs. Lila Meade Valentine, president of the Equal Suffrage League of Virginia, and a leader in educational and philanthropic work in Virginia will be held Sunday afternoon in Monumental Episcopal Church. Among the speakers will be Rev. E. E. Osgood, Dr. S. C. Mitchell, of University of Richmond; Miss Mary Johnstone, authoress; Miss Adelaide Clark, suffrage leader, and the Rev. George C. Mayo. Many organizations with many Mrs. Valentine was affiliated will send representatives. Miss Bettie Booker, of the University of Virginia, will sing a solo and lead the singing.

KU KLUX KLAN

Flowery Speech Made by Col. J. Q. Nolan on Aims of Organization

Col. J. Q. Nolan of Georgia last night addressed a gathering of nearly 500 men and six women in the opera house on the principals of the Ku Klux Klan. Many of his hearers were from Arlington county. The speaker made a flowery address and among other things said the organization was 100 per cent American and open to American Protestant Gentiles. It favors white supremacy, the American constitution he declared.

This order he said was organized December 5, 1915, and he gave a history of the old Ku Klux Klan. The organization he said will preserve the memories and traditions of the South. The speaker paid a tribute to the Confederate soldier. One of its purposes he asserted is to correct the slanders and scurrilous attacks made on the old Ku Klux Klan which was organized in 1865.

FOR LIEUT. GOVERNOR.

Senator West, of Suffolk, Here in Interest of His Candidacy.

State Senator J. E. West, of Suffolk, candidate for lieutenant governor in this city in the interest of his candidacy. He has issued a clear cut platform in one section of which he favors a total state and local tax rate of not exceeding fifty cents on bonds and notes, secured by mortgages on real estate. Senator West stated that he expected to carry the First, Second, Fourth, Fifth, Sixth and Ninth Districts by a safe majority, and some of the other districts by a plurality. He is confident of his nomination.

MOONLIGHT EXCURSION MON- DAY NIGHT.

If you recall the Moonlight Excursion given by the Alexandria Torpedo Station Baseball team Thursday, June 23rd, and remember that over three hundred people took the steamer St. John's from the Torpedo Station Dock, midway between the foot of Cameron and King street that evening, you will know that the moonlight excursion which the baseball team is giving Monday, July 25th down the river on steamer St. John's will be a success and that five hundred people will go aboard the steamer that night. Tickets are available from any player on the team and will be on sale at the wharf that night of the excursion. Come one, come all. Everybody should take in this excursion and make it a success. Help the team out by buying a ticket and show yourself the night of the excursion. We are representing the largest industry that is in Alexandria today. Let us see you on the boat.

SUCCESSFUL CONCERT

Citizens' Band Affair Well Patronized—Many To Help Play-Grounds.

The band concert given at the Friends' playgrounds last night was a pronounced success and the committee cannot thank the members of the band sufficiently for the beautiful and appropriate selections given. Many subscriptions for membership were taken on the grounds and the members of the committee express hope that everyone will join and help increase the membership list and make the Friends' playgrounds one of the best equipped in the state. Any contribution can be sent to C. S. Taylor Burke or any member of the committee. The committee desires to thank J. Kent White for electric lights furnished for the band.

TRACK CROOKS BY RADIO NEW PITTSBURGH PLAN

Pittsburgh, July 23.—Within twenty minutes after a crime is committed in Pittsburgh news of the deed and descriptions of the criminal will be in the hands of police throughout the United States and Canada, officials of the Department of Public Safety announced here yesterday. The department has arranged with a manufacturer of wireless apparatus to use a powerful transmitting "set" and by flashing the details of crimes here to the authorities of other cities officials of the Pittsburgh police force hope to capture many fugitives who otherwise might get away.

IS OPTIMISTIC

Believes Difficulties in Way Will be
Smoothed Out—Soviet Protest
Amusing.

Washington, July 23.—President Harding's decision to abstain from sitting in the disarmament conference he has called, which was definitely made known yesterday, is likely to change the whole complexion of that gathering.

The rule is that political heads of states do not enter into conferences with officials of other states who are not the final authority, so far as the constitution of the state permits. So the diplomatic sharks say that Premier Lloyd George and other Prime Ministers will not be in the delegations unless the President is going to attend.

When the question of Woodrow Wilson's attendance at the Peace Conference was in abeyance Premier Lloyd George withheld his decision to take part until the President's attendance was assured.

Assuming that Secretary of State Hughes will sit as one of the delegates, Great Britain's delegation will probably be headed by the Secretary of State for Foreign Affairs, the Marquis Curzon, and corresponding dignitaries from the other powers will be sent.

Whether the British Colonial Premiers are to be counted as of too lofty political stature to sit with secretaries of state is a question not yet determined. They are most anxious to come, but can only be present as part of the British delegation. It is hoped that they will so arrange their journeys home from London so as to be here when the conference is called—which, other reports to the contrary notwithstanding, is still expected to be in November.

Japan has not yet shown any signs of coming around to the American view that the more general the agenda for the conference the more chance for the successful elimination of all questions that are disturbing international relations in the Pacific and Far East. No official communication has been received from the Mikado's Government since the partial and guarded acceptance.

However, United States officials are certain that all the difficulties will be smoothed out in a short time, if the unofficial information given to them through Ambassador Shidehara, is deemed inadequate, she can have such additional facts as lies in this Government's power to give her, always limited by the position that it is not within the purpose of this Government to lay down hard and fast limits to the discussions, and the absence of desire on its part to make the agenda ourselves.

The protest of the Russian Soviet government at being left out of the conference on Far Eastern affairs is regarded with more amusement than concern.

London, July 23.—A meeting of the Dominion Premiers was called hurriedly yesterday afternoon to consider, it is understood, a reply received from Washington today to representations by the British Government relative to postponing the disarmament and Pacific conference to some date later than November 11. The meeting was private and there has been no indication of the nature of the Washington reply.

TODAY'S THOUGHT What a chimera, then, is man! what a novelty, what a monster, what a chaos, what a subject of contradiction, what a prodigy! A judge of all things, feeble worm of the earth, depository of the truth, cloaca of uncertainty and error, the glory and shame of the universe!

Pascal,

Capital and Labor.

That the relations between capital and labor have improved in the last decade is evident to any one who has kept track of the situation. The old economic theories as to their innate antagonism have been scrapped. Their true relationship of identity of interest has been proven so often that it is now accepted by most as the law applicable in each and every case. The science of political economy was well called by Carlyle the "dismal science." Its theories have been exploded from time to time until now there is nothing left of the old school of theorists but shreds and patches. For instance, Malthus who claimed that population increased in geometric ratio while food increased only in arithmetical ratio. Or Adam Smith, who said that the fertile river bottoms were prior in settlement by peoples on account of greater richness of soil and return in crop, whereas history has shown that the fevers and disease formerly incident to the low lands compelled the people to settle the hills and elevations first. Or Stuart Mill, who said that the rate of wages was controlled by the lowest figure at which a laborer could hold body and soul together.

From those days and those theories to the present is but a span of a few years. But the moral growth has been more rapid and has covered a greater chasm than the previous fifty or sixty centuries of recorded history.

We have already noted in this column an admirable attempt on the part of our Electric Light Company to get together with its employees in spirit and practice. We are glad to call attention today to the American Telephone Company with its vast network and ramification all over the country—in its efforts to approach an ideal relationship with its employees. This company has established a system of employees pensions, accident disability, benefits that is assuredly a long step in the right direction. The aggregate amount of the initial appropriations made by all the companies of the Bell System for the purpose of establishing the 'Employees' Benefit Funds,' was \$8,855,000.

Mr. and Mrs. E. G. Chessell, of 219 North Royal street, left on a touring trip with friends for Atlantic City, the first of the week. They will stop over at Philadelphia and Baltimore.

The Temple Sisterhood will give its annual excursion to Marshall Hall Monday, July 25th. It is expected that the excursion will be largely attended.

Services tomorrow at Meade Episcopal Chapel, colored: Holy Communion 7:30 a. m. Morning prayer and sermon at 11 a. m. Evening prayer and address 8 p. m. Sunday School 3:30 p. m.

The many friends of Mr. Thomas E. Henderson, of this city, who was operated on for appendicitis, by Doctors Wood and Wilkins at the Alexandria Hospital, will be glad to learn that he is convalescent and will be able to leave that institution shortly.

Mrs. Esther Amelia Thomas, wife of B. George Thomas, a former resident, died yesterday at her residence, 2005 Maryland avenue, Baltimore. The deceased was a daughter of the late James E. and Esther McGraw of this city. The body will be brought here about noon Monday and buried.

Owing to a mistake in its schedule, the Destroyers A. C. will not play the Christ Child A. C. tomorrow, as before stated, but will play the Clover A. C. instead. Grimm or Snellings will pitch with Lash catching. Game starts at 3 o'clock. Today the D's will play the Staunton Templar A. C. on the high school grounds at 5 o'clock. Saffel or Owens will pitch with Lash catching. Monday at 5:30 o'clock on the high school grounds the D's will play the team representing Southern Railway shops. Stover will pitch his game with Lash receiving. The following

players are requested to report to high school grounds at 4:15 o'clock: A. Ludlow, F. Ludlow, Saffel, Snellings, Drieties, Hefflin, Wood, Lane, Pierpoint, Whitestone, Cockrell, Grimm, Lash, Owens and Hewitt.

OFFICIAL.

Common Council.

At an adjourned meeting of the Common Council of the City of Alexandria, Va., held July 22nd, 1921, there were present H. R. Burke, Esq., president, and Messrs McCaffery, Matter, Ticer, Kaufman, Wattles, Desmond, Drury, Sullivan, Baggett, Ballinger, Fletcher, and Deavers.

A resolution to pay elective judges and clerks on August 2d, 1921, \$5 each was recommended by the committee on finance and passed. Ayes 13, and noes 0.

"An ordinance to provide for the issue and sale of three hundred thousand dollars (\$300,000.00) of registered or non-registered coupon bonds of the City of Alexandria, Va., called street improvement and general fund bonds, to provide for the creation of a sinking fund for payment of said bonds, and to designate and describe the form of bonds issued by authority and under provision of this ordinance" was recommended by the committee on finance and read the second and third time and passed." Ayes, Messrs McCaffery, Matter, Ticer, Kaufman, Wattles, Desmond, Drury, Sullivan, Baggett,

Ballinger, Fletcher, Deavers and Mr. President. Ayes 13, noes 0.

A petition from Mr. R. B. Washington to pay damage to automobile owned by Mr. Joseph A. Bernard was received and referred to the committee on claims.

A petition from the Camp Humphrey Jitney Company for reduction in city license, was referred to the committee on finance.

A petition from Miss Agnew for removal of electric light pole at the corner of Duke and Pitt Streets was received and referred to the committee on streets.

Resolutions to repair side walks were under consideration, a motion by Mr. Sullivan, to lay on the table was lost. Mr. Dunn, city engineer, was granted the floor and made a statement and was questioned by the members of the board, on the question of side walks.

The board then adjourned.

H. R. Burke,

President,

Teste:

Daniel R. Stansbury,
Clerk.

To The Voters:

We submit below some reasons why we feel that Senator J. E. West of Suffolk should receive your support in the Primary Election of August 2nd for the Office of Lieutenant Governor.

State Senator J. E. West.

1st. Because he enjoys the full confidence and respect of the people who know him in private life as well as in Public Office.

2nd. Because he is equipped by long public experience and service coupled with natural endowments to discharge the duties of the office in a manner acceptable to the straight-thinking people of the State. He is serving his 3rd term in the Virginia Senate and is one of the leaders in that body on tax matters.

3rd. Because he stands on the constructive and uplifting side of every moral issue.

4th. Because he has labored in the past and is still laboring for the building up of a health board in the State that will be so efficient as to render epidemics well nigh impossible, and to prevent the spread and destructive consequences of the many preventable diseases. He was patron of the health bill which laid the foundation for constructive community health work, including medical and dental inspection of school children.

5th. Because he has always advocated better Public Schools and better paid School Teachers. He was co-patron of the graded school fund and patron of the One and Two-Room School fund, which funds are designed to provide elementary education for every child in Virginia.

6th. Because he favors the very best Public Roads system that can be devised with the means at hand or that can be acquired for its construction from the State and Federal Governments.

7th. Because his exhaustive study of the Tax problems and his continued labors in behalf of the people in equalizing the burdens of taxation make his counsel of great value at this time. He was one of the leaders in the fight which resulted in the reduction of the tax on capital employed in business. He is also largely responsible for the defeat of the bill which provided for an increase in the State Tax on Merchants.

BUICK

13,759 Buick automobiles were delivered into the hands of owners in June.

This proves thoroughly that the American public is both willing and able to buy generously where it is assured full, dollar for dollar value, and it demonstrates also that a large percentage of the motor-ing public does have this buying confidence in Buick performance and Buick worth.

Declare Your Independence Today

Put your affairs in such shape that you can look the world serenely in the face and say, "My affairs are in such condition that what may happen today, tomorrow or at any time in the future, holds no terror for myself or my loved ones."

And this feeling of security can only come when your every possession is fully covered by the right kind of insurance. There are many kinds of insurance on the market but unless you hold the right kind of policy, the chance are that you are just paying out good money—with a hope of getting returns in case anything happens—but with no certainty that your claims will be recognized and paid when due.

Insure your household furniture, your home, your personal effects, your automobile in a company that is known the world over as reliable and ready to settle any valid claim without a delay of months, and the resultant satisfaction will make you want to renew this policy year after year.

Last Sunday the congregation adopted as its motto for the near future hymn 503, "Awake My Soul, Stretch Every Nerve and Press With Vigor On." The subject tomorrow at 11 a. m. will be "A Message From An Unseen Friend." How precious were messages from those we could not see, during the war! How we watched for the mails! What message did we most want? We long to hear now from those gone before. What would we like to hear from them? What do we want to hear from our Best Friend? and what does He say to us? At 8 p. m. we are to speak on "Grieving the Holy Spirit." How is He grieved? Can you grieve one who is not a person? Does it really matter if we grieve Him? On Wednesday at 8 p. m. there will be a service of Prayer and Healing in St. Paul's Church at 8 p. m. Several ministers will take part. All are invited; and prayers will be offered for the sick who cannot come. Requests for prayer should be written and handed in before 8 o'clock.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Alexandria people recommend Doan's Kidney Pills. Ask your neighbor. Could you ask for stronger proof of merit?
Mrs. A. Waring, 519 North Patrick St., Alexandria, says: "I suffered from my back and inflammation of the bladder. I was in such misery during these attacks that I had to have injections of morphine to relieve the pain. My back ached so badly, I thought it would kill me. Pains in the top and back of my head nearly drove me insane. I often got so dizzy I could hardly keep from falling. Nothing did me any good until I began taking Doan's Kidney Pills, procured at Leadbeater's Drug Store. The first box gave me great relief. I used several boxes altogether and they stopped the awful pain in my back and head and made my kidneys normal. Since then, I have taken Doan's as soon as I have noticed any signs of kidney disorder and they have never failed to give quick relief."

TOLD OF H. C. L. IN HEAVEN

"Voice From Tomb" Persuades French Widow to Place 500 Francs on Husband's Grave.

Paris.—Because of her readiness to believe that even in heaven the cost of living had become a serious problem a certain faithful French widow came near being defrauded the other day. Since the death of her husband this woman had made it a rule to make a daily visit to his grave in the Pere Lachaise Cemetery. But one day while placing flowers on the mound she was startled by hearing a voice.
"Up here," the voice called out, "It is the same as upon the earth—everybody wants money. On every hand are people asking for tips. Dear friend, can you let me have 500 francs?"

Having no money with her the woman after struggling to overcome her fear promised to bring some as soon as possible and the voice replied gratefully: "Thank you."
The woman went home and told a neighbor of her remarkable experience. The neighbor thought a while and then advised the widow to do what the voice had requested, but the neighbor also went to the authorities and let them in on the secret.

Gathering together the necessary 500 francs the widow plausibly placed the money on the grave in a purse and went away. When she was out of sight a young man stepped out from behind a nearby tombstone and took up the purse. But the next thing he knew a policeman had him by the collar.

It turned out that the young man was a nephew of the widow, but at the trial that followed she forgave him and withdrew the charges when the young man's wife with a baby in her arms appealed to the widow for mercy.

WANT POPPY GROWING ENDED

Foes of Opium Ask That China Stop the Cultivation of the Plant.

Washington.—Support for recommendations in the report of the commission on the opium traffic of the League of Nations has been urged in conferences here with government officials and others by Mrs. Hamilton Wright, one of the experts attached to the commission. Mrs. Wright assisted in the preparation of the report submitted to the league council. Many messages have been sent to Geneva by American organizations urging favorable action on the recommendation as the only means of preventing the revival of the opium traffic.

While the report itself has not yet been made public, it is understood that it includes two principal recommendations:
1. The council is requested to seek permission from the central government of China for consuls of league members to address themselves in that country directly to the leaders of the Chinese military forces, urging them to give up the cultivation of the poppy.
2. The council is requested to appoint a special commission of inquiry to visit personally the provinces in China where the poppy is grown to ascertain the extent of the cultivation and the methods of marketing the prohibited drug.

CUSTER'S LAST STAND AGAIN

Thrilling Scene Is Re-Enacted on Battlefield on Anniversary of the Massacre.

Billings, Mont.—On the forty-fifth anniversary of the massacre of George A. Custer and his little band of 70 United States cavalrymen, the battle scene of "Custer's Last Stand" was re-enacted on the site of the engagement with the Indians.
Between 4,000 and 5,000 persons witnessed the sham battle, in which Crow Indians took the part of the Sioux, Cheyenne and Blackfoot warriors, and American Legion men and United States troopers represented Custer's forces.

Curley, White-Man-Runs-Him and Harry Moccasin, three scouts who were with Custer up to a short time before the battle, took part, leading the Legion men up to the point where they were to meet Major Reno with reinforcements. The battle lasted but a few minutes, and shotguns were used by both sides.

Yellow Fever Cultures Made.

Vera Cruz.—Cultures of the germs, which, according to Dr. Hideo Noguchi, cause yellow fever, have been made by Doctors Mauro, Loyo, Solorzano and Morfin, of this city, who have been treating yellow fever patients in the sanitary camp near here. The cultures were made from blood taken from the veins of a patient after the sixth day of the malady. The doctors have notified Doctor Noguchi of their discovery, which may be of great importance in combating yellow fever.

\$1,000 Each If They Live.

Chicago.—There are many ways of making a living beside publishing a newspaper, some easier and some harder. A Chicago hospital has found no difficulty in persuading 12 persons on behalf of the advancement of science and \$70 apiece to have a swab covered with scarlet fever germs shoved down their throats to see if it will "take" and to discover a preventive serum. If it "takes" these job holders are to receive \$1,000 each, in case they survive.

Camp Humphreys

Tuesday marked the close of the 1921 session of the Reserve Officers' Training Camp at Camp Humphreys. The final parade was held in the morning at the close of which Colonel Mason M. Patrick, commanding officer of the camp, presented twenty-five of the six hundred men of the battalion with sharpshooters' certificates and ninety-three with marksmen's certificates. Of the sharpshooters J. H. Werner of Massachusetts Institute of Technology had the highest record with a score of 292 being only one point short of Expert Rifleman.

After the presentation of certificates, Colonel Patrick addressed the battalion, reminding them that for the first time the government has a definite military policy and calling attention to the burden and responsibility that rests upon the thinking men of the country, as represented by the men of the twenty institutions that made up the 1921 camp here.

The afternoon was given up to an outing at Belvoir Dock, where a program of swimming events was carried out, after which medals to all winners of athletic events during the season were presented by Col. Patrick. Gold medals were given for first place, red ribbons for second and white ribbons for third.

The 50 yard swim was won by J. M. Reeves, Missouri School of Mines; H. C. Hudson, University of Alabama, second, and B. J. Hodge, California Institute of Technology, third. Time 31 2-5 seconds. The plunge was won by E. F. Gallagher, Massachusetts Institute of Technology; S. E. Storrs, Missouri School of Mines, second; D. C. Peterson, Oregon Agricultural College, third. Distance 67 feet, time 40 seconds.

The 100 yard swim was won by Reeves; R. J. Hillstrom, Oregon Agricultural, second; F. K. Stockleberg, Alabama Polytechnical Institute, third. Time, 1 minute 37 4-5 seconds.

Fancy dives won by H. J. Bruner, M. I. T.; L. W. Hall, California Tech, second; M. C. Jasper, Oregon Agricultural, third.

Fifty yard swim with pack was won by C. G. Kustner, University of Illinois; Hall, second; J. D. Cochran, M. I. T., third. Time, 1 minute 21 4-5 seconds. The 200 yard relay swim was won by Company D, third.

AUCTION SALE.

Samuel H. Hunt, Auctioneer.

Auction Sale: Sale of a desirable house and lot, with modern improvements, located on Duke Street, extended, Alexandria, Virginia.

By virtue of and pursuant to the terms of a deed of trust dated April 15th, 1920, executed by James Edward Mills and wife to Robinson Moncreux, Trustee, and recorded among the land records of the City of Alexandria, Virginia, in Deed Book 69, page 583, at the written request and direction of the party thereby secured, a default having been made in payment of the indebtedness secured by said Deed of Trust the undersigned Trustee will offer for sale at public auction, in front of the Royal Street entrance of the Market House, in Alexandria City, Virginia, on Saturday, July 30th, 1921, at 12 o'clock m.

All that certain lot or parcel of land formerly located in the County of Fairfax Virginia, but now located within the extended limits of Alexandria City, Virginia, by annexation proceedings duly consummated, being the same property which was conveyed to one Lydia L. Spofford (then Lydia L. Riley) by deed from William R. Laird and wife dated the 20th day of August, 1892, recorded in Liber N. No. 5, page 81 of said Fairfax County land records, and in said Deed described as follows:

Beginning on the north side of Duke Street, as extended west from the City of Alexandria, Virginia, and 30 feet west of Thompson Mann's west line, and running thence west on Duke Street 40 feet; thence north 100 feet; thence east 40 feet; and thence south 100 feet to the beginning, together with the right of way over a 15 foot alley in the rear of the said described lot of land, and together with the improvements upon said lot and all appurtenances there-to belonging, and being known as Number 1813 Duke Street, and being the same property which was conveyed to said James Edward Mills by Thomas L. Carter and J. Brooke Carter by deed dated April 15th, 1920, and recorded among the land records of said City in Liber 68, page 582.

Terms of Sale: Cash. Conveyancing at the cost of the purchaser or purchasers, including Revenue stamps.

Robinson Moncreux,
Trustee.

173-7e

The swimming meet was won by Company B with 28 points, Company A second with 24 points and Company D third with 8 points.

Ten gold medals were presented to the members of Company D's champion baseball team. Two Company A men, J. S. Doubleday and W. Wolf both of M. I. T., were the tennis champions. Doubleday in both doubles and singles.

Lieutenant D. W. Griffiths leaves July 22nd for a month leave in northern Michigan where Mrs. Griffiths has already been spending a vacation period.

The Fifth Regiment of Engineers, D. C. National Guards, has been spending a week at Camp Humphreys. Their time has been devoted to training in the duties of military engineers, reconnaissance, roads, trenches, barbed wire entanglements, demolition and mines and so on.

While the men have had to work hard, their spirit has been good and the officers are well pleased with the weeks work. They spent a week at target practice at Camp Sims before coming to this camp. Saturday they return to Washington, D. C.

THIS YOUNG MOTHER

Tells Childless Women What Lydia E. Pinkham's Vegetable Compound Did for Her

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are very fond of children and for a considerable time after we married I feared I would not have any owing to my weak condition. I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong healthy baby girl. I can honestly say that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound years ago. I give all the credit to your medicine and shall always recommend it very highly."—Mrs. H. H. JANSEN, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement or debility that is dragging them down, and strengthen the entire system, as did Mrs. Jansen, by taking Lydia E. Pinkham's Vegetable Compound and then they will be in a position to give their children the blessing of a good constitution.

WOMEN OF MYTHOLOGY.

(For The Gazette.)

Amazons—A nation of women soldiers; Hercules defeated them and gave Hippolyte, their queen, to Theseus for a wife.

Bellona—Goddess of war, who prepared the chariot of Mars and appeared in battles armed with a whip and holding a torch.

Callisto—A nymph of Arcadia, who was changed into a bear and placed in the heavens as a constellation.

Discordia—A malevolent deity; driven from heaven by Jupiter because she sowed dissensions among the gods.

Erytheia—One of the goddesses of Night appointed to guard the golden apples in the gardens of the Hesperides.

Fates—Three sisters, daughters of Night, whom Jupiter permitted to decide the fortune and particularly the duration of human life. Clotho attached the thread, Lachesis spun it and Atropos cut it off when the end of life arrived.

Gerda—So beautiful that the brightness of her naked arms illuminated both the sea and air.

Hebe—Goddess of youth and cupbearer to all the gods.

Lefna—The Scandinavian goddess who reconciles lovers.

Nemesis—Greek goddess who measured out to mortals happiness and misery and visited with losses and suffering all who were blessed with too many gifts of fortune.
